Subject: Public Hearing for the Marathon Palladium Project

Sensitivity: Normal

Please accept this email correspondence as the Corporation of the Town of Marathon's registration to participate in the public hearing for the above-referenced project.

The Town of Marathon will participate in the Community session. The main contact is:

Daryl Skworchinski

CAO/Clerk

<contact information removed>

The Town of Marathon is a strong supporter of the Marathon Palladium Project and will present on:

- The Project will create close to 400 permanent jobs in a region that has struggled economically in the last decade.
- The Project will be an asset in attracting and retaining a younger workforce to communities with an aging demographic. This will contribute to a local economic multiplier effect as well as numerous socio-economic benefits to the local communities impacted by the Project.
- The Project will represent a significant economic opportunity for the region and local communities, business, and industry; while making a meaningful contribution to Canada's low-carbon future.

The Town does not require a translator and will be presenting in English.

The Town will not be represented by legal counsel.

Thank you.

Daryl Skworchinski

CAO/Clerk/Director of Economic Development

Town of Marathon
