Subject: Registration and Written Submission for Marathon Palladium Project
Public Hearing, General Session

Sensitivity: Normal

Archived: Tuesday, January 25, 2022 9:11:48 AM

Hello,

I wish to register with the Joint Review Panel Hearing for the Marathon Palladium Project, General Session to have my written submission below considered. I do not need translation services or legal representation.

My submission below is my opinion on the Marathon Palladium Project as an individual who cares about the future of the area.

Debra Dyer

----- WRITTEN SUBMISSION FOR PUBLIC HEARING, GENERAL SESSION -----

Dear Review Panel:

I was a young girl, now 67 retired, and they were talking about that area way back then. Anaconda was taking samples I believe. This is long overdue is what I am trying to say. Employment opportunities are needed here and would be greatly welcomed. IF all environmental safety concerns are addressed and mine closure process means putting what they take out back, instead of creating a new hill of processed rock and we are not left with a huge hole out there, I am all for this.

There has to be a guarantee that no leakage will occur into the water system locally of any dredge full of chemicals. Those are my concerns. They must protect that environment as water systems flowing into the big lake are too precious, too close, and the movement of animals in that area needed.

Thank you.

Debra Dyer

Sincerely,

Debra Dyer
