

**JOINT REVIEW PANEL**  
**MARATHON PGM-CU MINE PROJECT**

---

January 22, 2014

Dear Interested Parties:

RE: Site Tour of the Proposed Marathon Platinum Group Metals and Copper Mine project

Please be advised that a site tour of the proposed Marathon Platinum Group Metals and Copper Mine Project (the Project) and surrounding area is planned for mid-February 2014. The purpose of the site tour is to orient the new Chair of the Joint Review Panel (the Panel) with the features of the area that may be affected by the proposed Project. The Panel will not be meeting with the proponent or any interested parties during the tour of the site.

Following the site tour, a summary of the itinerary will be posted on the public registry, including a map outlining the areas visited.

Questions or comments regarding the proposed site tour can be sent to Colette Spagnuolo or Jeff Sewell, Panel Co-Managers at [MarathonMine.Review@ceaa-acee.gc.ca](mailto:MarathonMine.Review@ceaa-acee.gc.ca).

Sincerely,

<original signed by>

Lesley Griffiths  
Panel Chair
