Dear Mr. McDonald:

**Re: Notice of Amendment, Kami Iron Ore Project Environmental Impact Statement**

Please be advised that the following clarifications and corrections should be made in the Environmental Impact Statement of the Kami Iron Ore Project:

1. Volume I, Part I, Chapter 10, p. 10-29 and p. 10-37: In response to a comment received from Uashat mak Mani-Utenam's legal counsel, Alderon proposes to revise the description of status of the claims of Uashat mak Mani-Utenam to a portion of Western Labrador to achieve alignment with EIS Volume II, Part I, Chapter 10, p. 10-22. A similar change is also proposed to the description of the status of Matimekush-Lac John's claims to a portion of Western Labrador to conform to EIS Volume II, Part I, Chapter 10, p. 10-29. The status of both Aboriginal groups' asserted land claims in Western Labrador is correctly described in Volume I, Part I, s. 1.6. The revisions are as follows:
  - (i) Volume I, Part I, Chapter 1, p. 10-29: The second paragraph is to be deleted in its entirety.
  - (ii) Volume I, Part I, Chapter 10, p. 10-37: The concluding sentence of the second paragraph is to be deleted in its entirety.
2. Volume II Part I, Chapter 13, p.13-13: In Table 3-1, "inhabited" is to be replaced by "uninhabited".
3. Volume II Part II, Chapter 14, pages 14-20, 14-43, 14-47, 14-65 and 14.69: "inhabited" is to be replaced by "uninhabited".

Alderon has reissued the corrected electronic version of the document to both federal and provincial EA committee co-chairs.

Sincerely,

Todd Burlingame  
Executive VP – Environment & Aboriginal Affairs
