

# Milton Logistics Hub Project | REVIEW PANEL

Joint process established under the Canadian Environmental Assessment Act, 2012, and the Canada Transportation Act

June 12, 2019

Darren Reynolds  
Project Director  
Canadian National Railway Company (CN)  
By email

Dear Mr. Reynolds,

**Subject: Milton Logistics Hub Project – Request for extension to provide technical presentations**

In its letter of June 11, 2019 (CEAR #803), CN requested that it be permitted to submit its technical presentations in two batches. CN requested that the first batch be provided as currently scheduled and would cover the first two weeks of the Hearing. The second batch, to be presented during the last two weeks of the Hearing, would be sent on July 3rd. CN noted that this request was required because of the Review Panel's recent decision to provide CN and Halton Municipalities additional time to present at topic-specific technical sessions.

The Review Panel has considered your request, and is willing to allow CN to provide its presentations for the second two weeks of the hearing no later than noon (Eastern) on July 3, 2019.

Should you have additional questions or concerns, please contact the Review Panel Secretariat at [MiltonHubPanel@ceaa.gc.ca](mailto:MiltonHubPanel@ceaa.gc.ca).

Sincerely,

<Original signed by>
