**RE: Benga Mining Ltd. – Grassy Mountain Coal Project Technical Information Requests**

Dear Mr. Bolton,

Benga Mining Limited (Benga), is providing the following package to the Joint Review Panel as it relates to responses to supplemental information requests issued by the Canadian Environmental Assessment Agency (the Agency) and the Alberta Energy Regulator (AER) in regard to Benga's application for the Grassy Mountain Coal Project (the Project). The package (provided on a USB) includes the following:

- Part A – responses to the Agency's request for additional information, which was issued on August 3, 2018 to Benga as Appendix A;
- Part B – responses to the Federal Review Team's request for additional information, which was issued on August 3, 2018 to Benga as Appendix B. Responses in Part B also address the request from Fisheries and Oceans Canada on February 28, 2018 for a draft Fisheries Offset Plan;
- Part C – responses to supplemental information requirements issued August 10, 2018 by the AER;
- Appendix C – supporting appendices to Part C; and,
- Electronic attachment – GW model data file.
- Provided as a separate PDF file is Appendix A-1 – Cumulative Effects Assessment, which updated the project inclusion list to August 2018, addresses all incremental air pollutant and greenhouse gas emissions, and effects to asserted or established Aboriginal or Treaty rights);
- Provided as a separate PDF file is Appendix B, which contains Appendix B-1: DFO Offsetting Plan and Appendix B-2: DFO Offsetting Effectiveness Monitoring Plan;
- At the request of the Joint Review Panel, an update (on October 2018) to the EIS concordance tables to capture subsequent application addendums.

This information package serves as Addendum 8 for Benga's application.

Benga has read the Joint Review Panel Agreement and Terms of Reference and confirms that in combination with previously submitted Project documents, this information package provides the information required to meet the Panel's mandate.

Correspondence regarding this information request package should be directed to the attention of Mike Bartlett (Millennium EMS Solutions Ltd).

Sincerely,
