Edmonton, Alberta T5J 4C3

Dear Mr. Dairon:

**Reference: Lake Manitoba and Lake St. Martin Outlet Channels Project
Technical Review Information Requests – Response Package 2**

Manitoba Infrastructure is pleased to submit the attached documents which includes ten technical information responses for the Lake Manitoba and Lake St. Martin Outlet Channels Project technical review information requests (April 23, 2020). Manitoba Infrastructure will provide the Agency with the remaining technical information request responses shortly.

We look forward to discussing our technical response information with the Agency and providing any additional clarification requested.

Sincerely,
