

Marten Falls Community Access Road Project

Community Comment Card

Marten Falls First Nation is proposing the construction and operation, including maintenance, of an all-season multi-use community access road approximately 190 to 230 kilometres in length, connecting the northern end of Painter Lake forestry road to the community of Marten Falls. Marten Falls is located at the junction of the Albany and Ogoki rivers, approximately 170 kilometres northeast of Nakina, Ontario. As proposed, the Marten Falls Community Access Road Project could enable future access to potential mineral development activities in the Ring of Fire area.

TAILORED IMPACT STATEMENT GUIDELINES

Identify valued components that are important to your community

Insert your response below:

Identify any locations of particular importance to your community where traditional activities are practiced

Insert your response below:

Identify valued components that relate to your ability to practice Aboriginal or Treaty rights of the Indigenous peoples of Canada recognized and affirmed by section 35 of the *Constitution Act*, 1982

Insert your response below:
