

The Team of Gazoduq have been extremely transparent with their information. Gazoduq Team hold themselves accountable and demonstrate their responsibility to be thorough on all aspects of their proposal. They make regular visits to our community to update us on their project progress and point out any change in the original plans. All members of their team are well versed in all aspects of the project. When they come to our community they bring members who can readily respond to questions. Conversations, comments are documented. Gazoduq quickly follow-up on all questions and comments. They follow-thru with all suggestions.

Gazoduq are hands on with their studies. They have demonstrated they will protect our local environment thru extensive environmental studies and they speak passionately about our area and their discoveries.

They have facilitated meetings and conversations with other community partners. They are inclusive of all services, clubs and special interest groups.

I strongly believe Gazoduq would become responsible corporate citizens within our community once their project is approved.

**Subject:** RE: IAAC Consultation

Dear Mayor Quinn:

Following Gazoduq's submission of its Initial Project Description, the Impact Assessment Agency of Canada (IAAC) has initiated consultation and is seeking public feedback which will be used to prepare a summary of issues. You and members of your community can participate by posting a comment on the IAAC website or by sending a letter to the Agency.

Please visit: <https://iaac-aeic.gc.ca/050/evaluations/proj/80264/participation>. This should only take about ten minutes.

It is also possible to send your comments by writing to:  
[iaac.gazoduqprojectprojetgazoduq.aeic@canada.ca](mailto:iaac.gazoduqprojectprojetgazoduq.aeic@canada.ca)
