Dear Colleagues:

Subject: Designation Request for the Proposed GTA West Project under the *Impact Assessment Act*

On February 3, 2021, the Minister of Environment and Climate Change received a request to designate the proposed GTA West Project under subsection 9(1) of the *Impact Assessment Act* (IAA). The designation request from Ecojustice, on behalf of Environmental Defense, is enclosed (Enclosure 1).

The Proposed Project

The Ontario Ministry of Transportation is proposing the construction and operation, including maintenance, of a new 59-kilometre all-season public highway in the northwest Greater Toronto Area. The proposed new highway, which would be named Highway 413, would connect highway 400 between Kirby Road and King-Vaughan Road in the east, to the highway 401/407 interchange area, near the northern end of highway 403, in the west. The highway would stretch through the municipalities of Vaughan, Caledon, Brampton and Halton Hills in the regions of York, Peel and Halton. The Project as proposed is not a designated project as described in the *Physical Activities Regulations*. The impact assessment process under IAA only applies to designated projects.

Further information on the Project can be found on the proponent's website at www.gta-west.com.

.../2

Designation Request

Under subsection 9(1) of IAA the Minister may, by order, designate a physical activity that is not prescribed in the *Physical Activities Regulations*. The Minister may do this, if, in the Minister's opinion, the physical activity may cause adverse effects within federal jurisdiction or adverse direct or incidental effects (resulting from a federal decision), or public concerns related to those effects warrant the designation. In accordance with subsection 9(4) of IAA, it is expected that the Minister will respond, with reasons, to the request by May 4, 2021.

The Impact Assessment Agency of Canada will review information about the Project, any concerns expressed by the public and Indigenous groups, expert advice from federal authorities and input from provincial ministries and municipalities to prepare a recommendation to the Minister on whether to designate the Project. If the Project were designated by the Minister, the Ontario Ministry of Transportation (the proponent) would be prohibited from carrying out the Project and would be required to submit an Initial Project Description, thereby commencing the planning phase of IAA. During the planning phase, the Agency would determine whether an impact assessment is required.

Additional information regarding the process for designation requests can be found at the following link: <https://www.canada.ca/en/impact-assessment-agency/services/policy-guidance/designating-project-impact-assessment-act.html>

The purpose of this email is to inform your ministry of the designation request and to seek your input regarding provincial regulatory processes in relation to the Project, and any associated assessment of effects and public and Indigenous consultation.

Seeking Provincial Input

Given the legislated timeline to respond to the designation request, the Agency requests that you provide the following information:

Request 1: Please submit a lead contact for the Project to the Agency by **Wednesday, February 17, 2021**.

Request 2: Complete and submit the attached form by **Wednesday, March 3, 2021**.

In the coming days, a Registry page for the Project will be available on the Canadian Impact Assessment Registry Internet site at [iaac-aeic.gc.ca/050/evaluations](https://www.iaac-aeic.gc.ca/050/evaluations). Please use the *Submit a Comment* feature on the Project's Registry page to provide the Agency with information regarding this file. Letters can be uploaded using this feature. If you have difficulties using this feature, please immediately contact Owais Khurshid, Project Manager, at owais.khurshid@canada.ca or 647-262-8046.

Important Note: All records produced, collected or received in relation to the designation request process—unless prohibited under the *Access to Information Act* or *Privacy Act*—are considered public and may be released. The Agency's Submission Policy¹ determines which submitted information can be shared publicly, and what should remain private. For further information on how we protect your privacy, please refer to the Privacy Notice.²

If you have any questions regarding the designation process or the response sheet, please do not hesitate to contact Owais Khurshid by telephone or email.

Sincerely,

<Original signed by>
