SUBJECT: Notification that the 180-day time limit for the Mont Sorcier Mining Project is suspended

Dear Robert Girardin:

The Impact Assessment Agency of Canada (the Agency) acknowledges the receipt of your written request to suspend the 180-day time limit, received on July 27, 2023, and has suspended the time limit. The 180-day time limit is the period of time within which the Agency must provide Voyager Metals Inc. (the Proponent) with a notice of the commencement of the impact assessment, if the Agency decides that an impact assessment of the Mont Sorcier Mining Project (the Project) is required.

The Agency's Notice of Time Limit Suspension with Reasons will be posted on the Canadian Impact Assessment Registry (the Registry) within the next few days (Registry reference number: [84616](#)).

When the Proponent has provided the Agency with its response to the Summary of Issues and a Detailed Project Description, the 180-day time limit will resume and the Agency will post a notice on the Registry that the prescribed activity is completed.

If you have any questions, do not hesitate to contact me at 418-563-2268 or at montsorcier@iaac-aeic.gc.ca.

Sincerely,

Caroline Chartier
Project Manager - Quebec
