ENVIRONMENTAL ASSESSMENT HANDOUTS

RAINY RIVER

Defining Canada's Newest Gold District

TSX: RR

Rainy River Resources Ltd. is advancing its flagship asset, the Rainy River Gold Project (RRGP) toward development. The project is located near Fort Frances in northwestern Ontario, with accessible power, rail and roads. Today, the RRGP is defining an emerging Canadian Gold District.

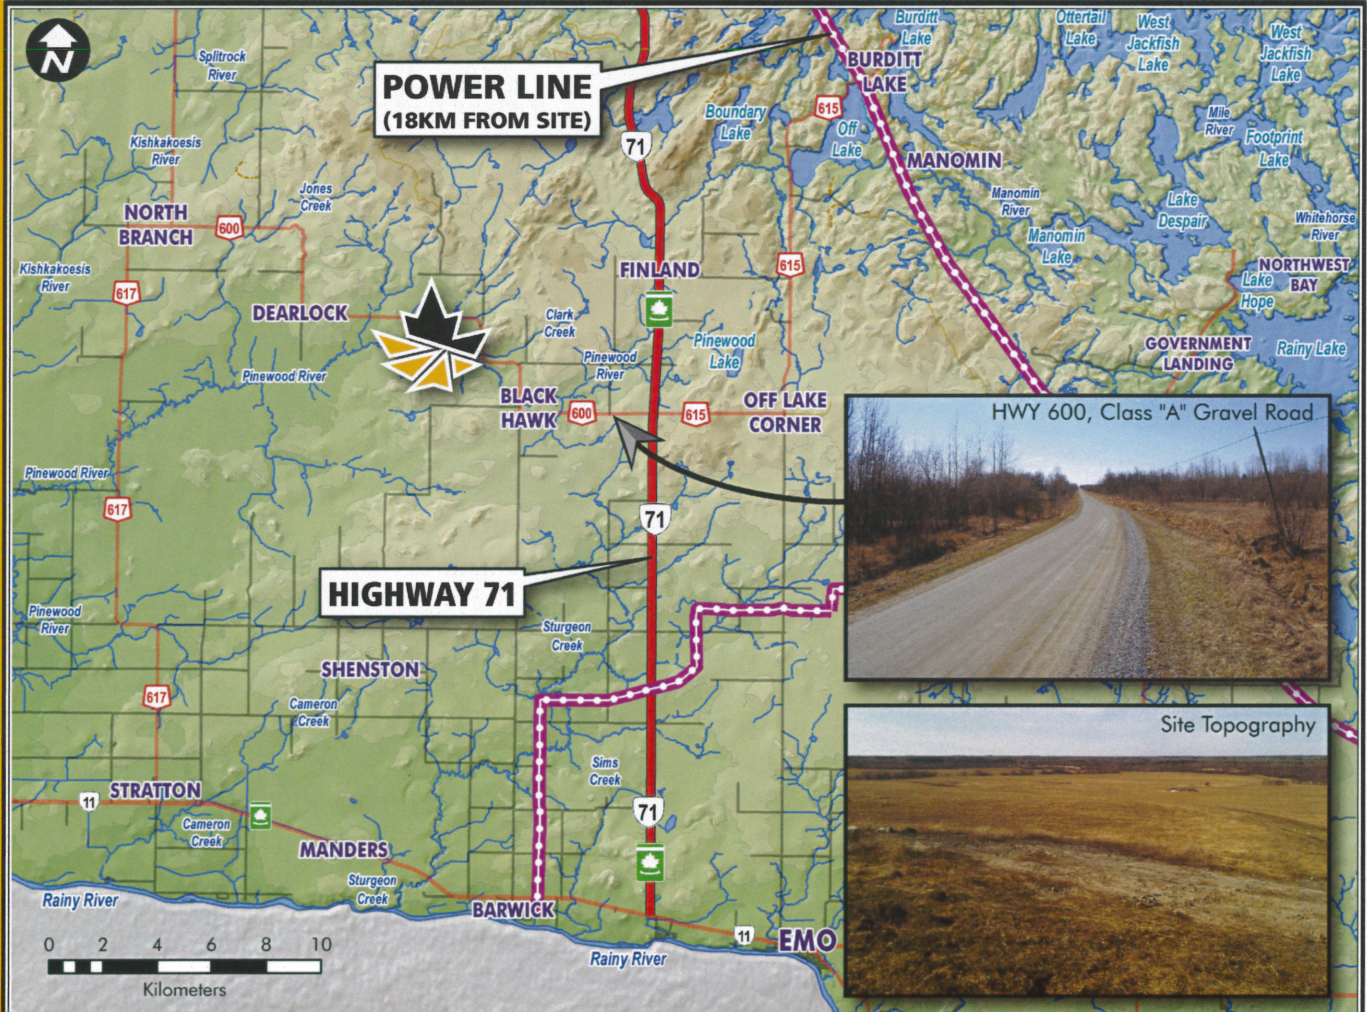

WE PLAN TO MINE GOLD - LOTS OF IT!

The Rainy River Gold Project is an exciting NEW mining project for the district.

RRGP HIGHLIGHTS

308,000 oz/yr gold first 10 years	478,000 oz/yr silver first 10 years	16 years mine life	\$486 US/oz average cash cost, first 10 years	\$450 US/oz average cash cost, first 5 years

RAINY RIVER

We look forward to bringing the Rainy River Gold Project into operation in the next few years. Our focus will be to source our employees and suppliers from local communities.

A mining project requires a diverse workforce. Over the next few years, the Company will look to hire people from various disciplines, with distinct skills and backgrounds. Perhaps you might want to consider a career in mining!
